# Mobile App Instructions

FUELCLOUD

Step 1:

Go to the App Store or Google Play Store, search for "FuelCloud" and download the app.

Step 2:

Open the app and tap "Allow Location Access". This is how we detect nearby pumps.
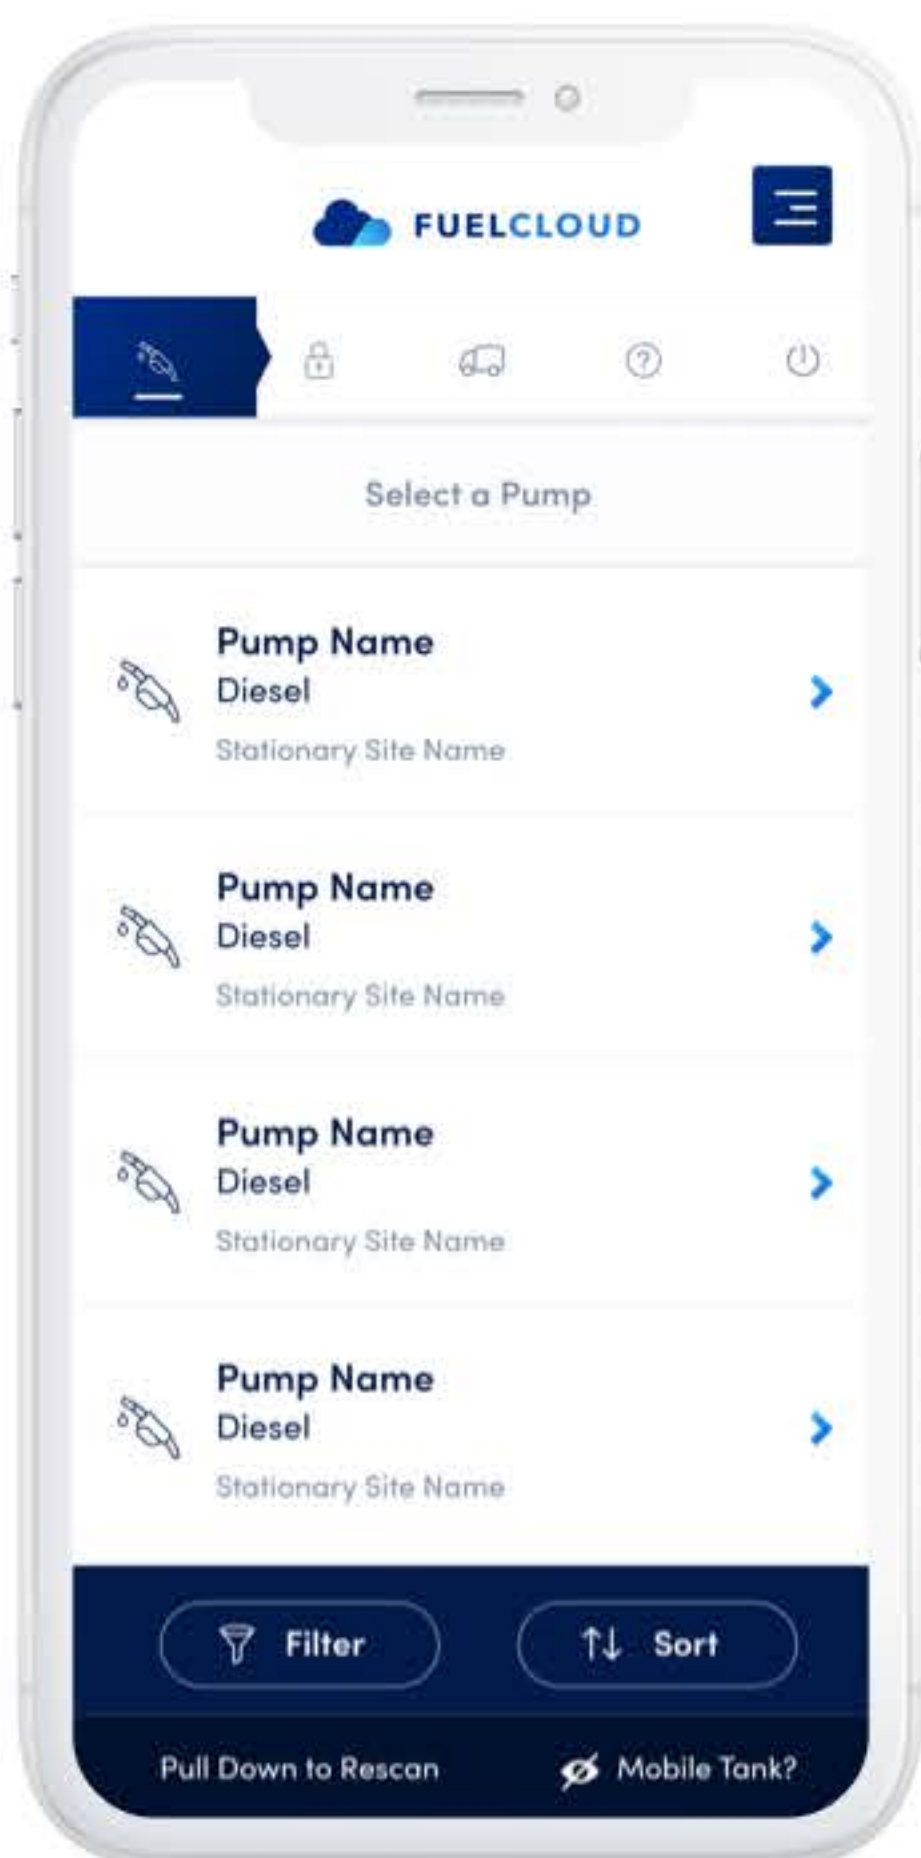

## Step 3:

Tap "Allow" to confirm location access.

Step 4:

The app will start looking for nearby pumps. Once it is finished, tap "Allow" to receive notifications.
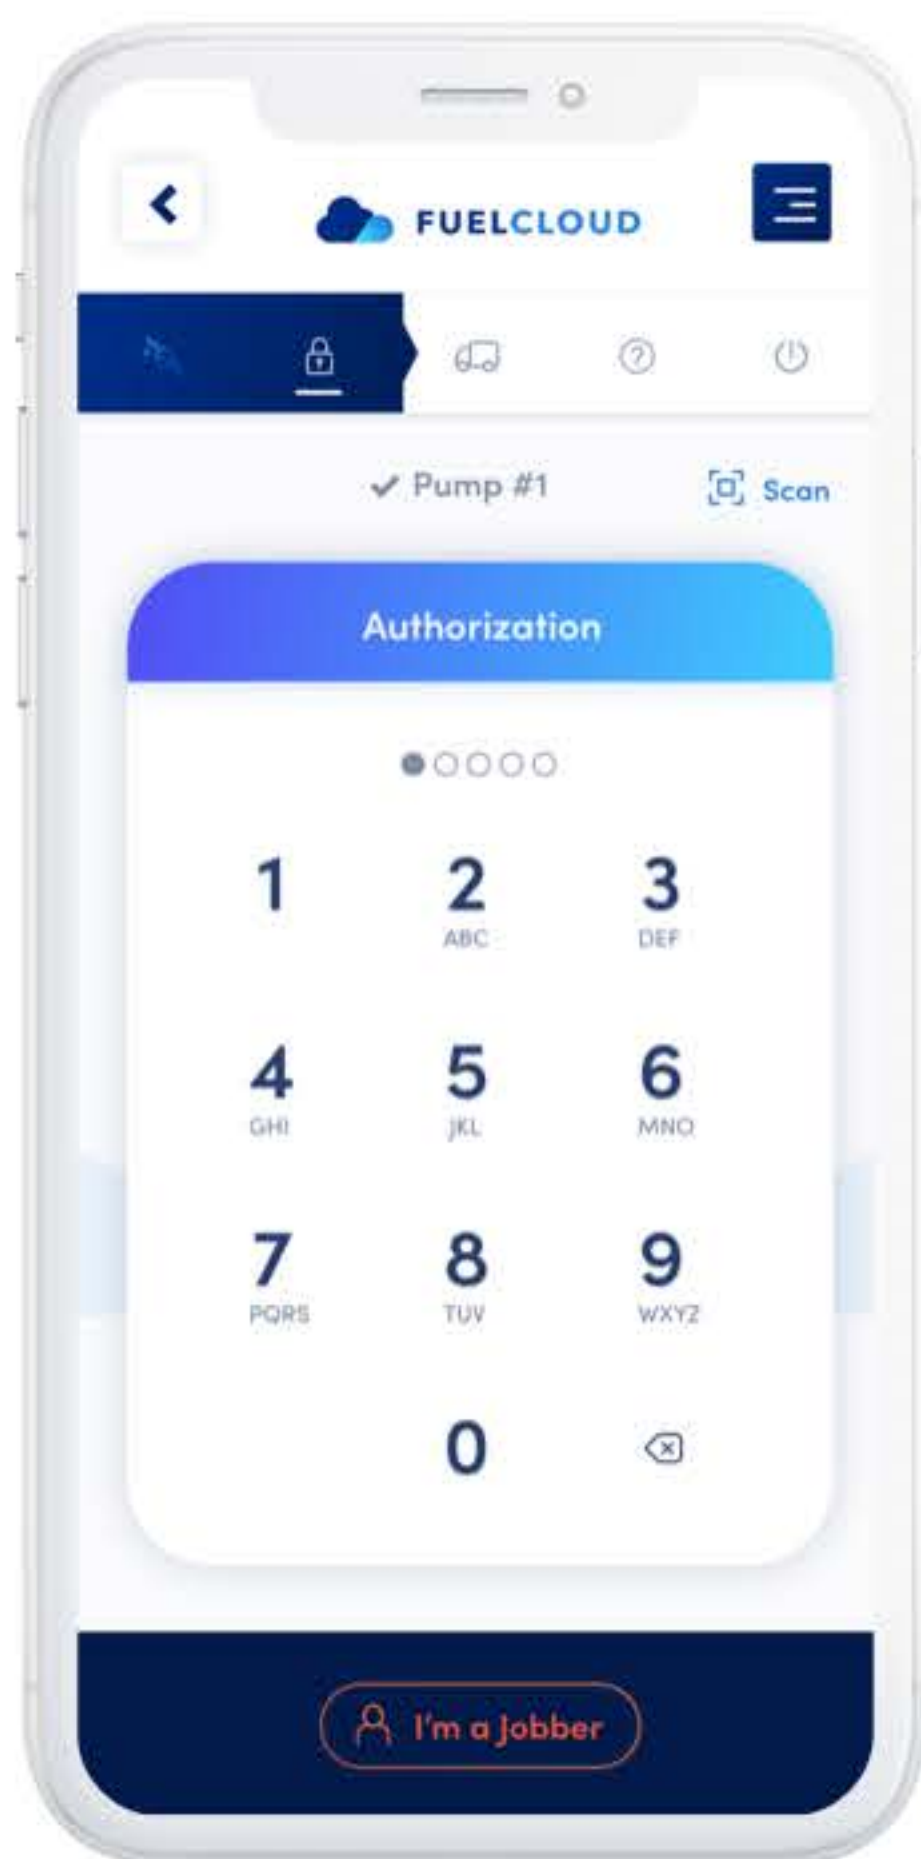

Step 5:

Select the pump you are going to use.

Step 6:

Once you select your pump, a prompt will appear. Tap "Join" to connect to the pump's wifi.
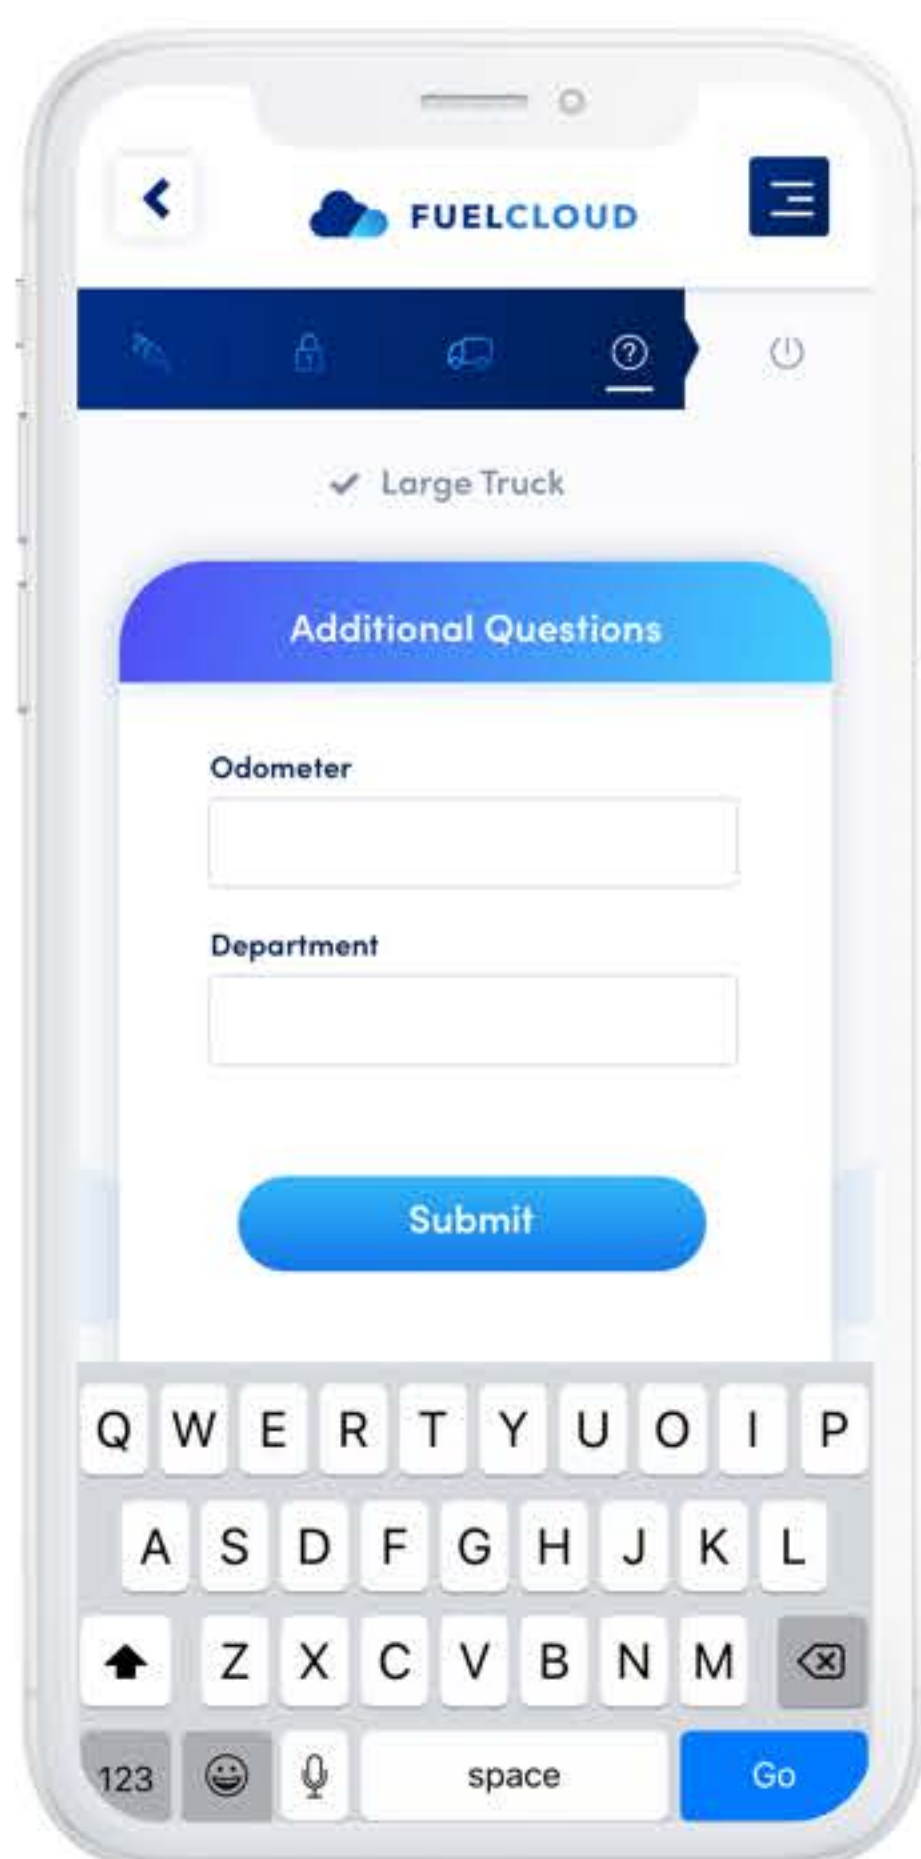

Step 7:

Authorize either by entering your driver-specific pin code or scanning your QR Code.
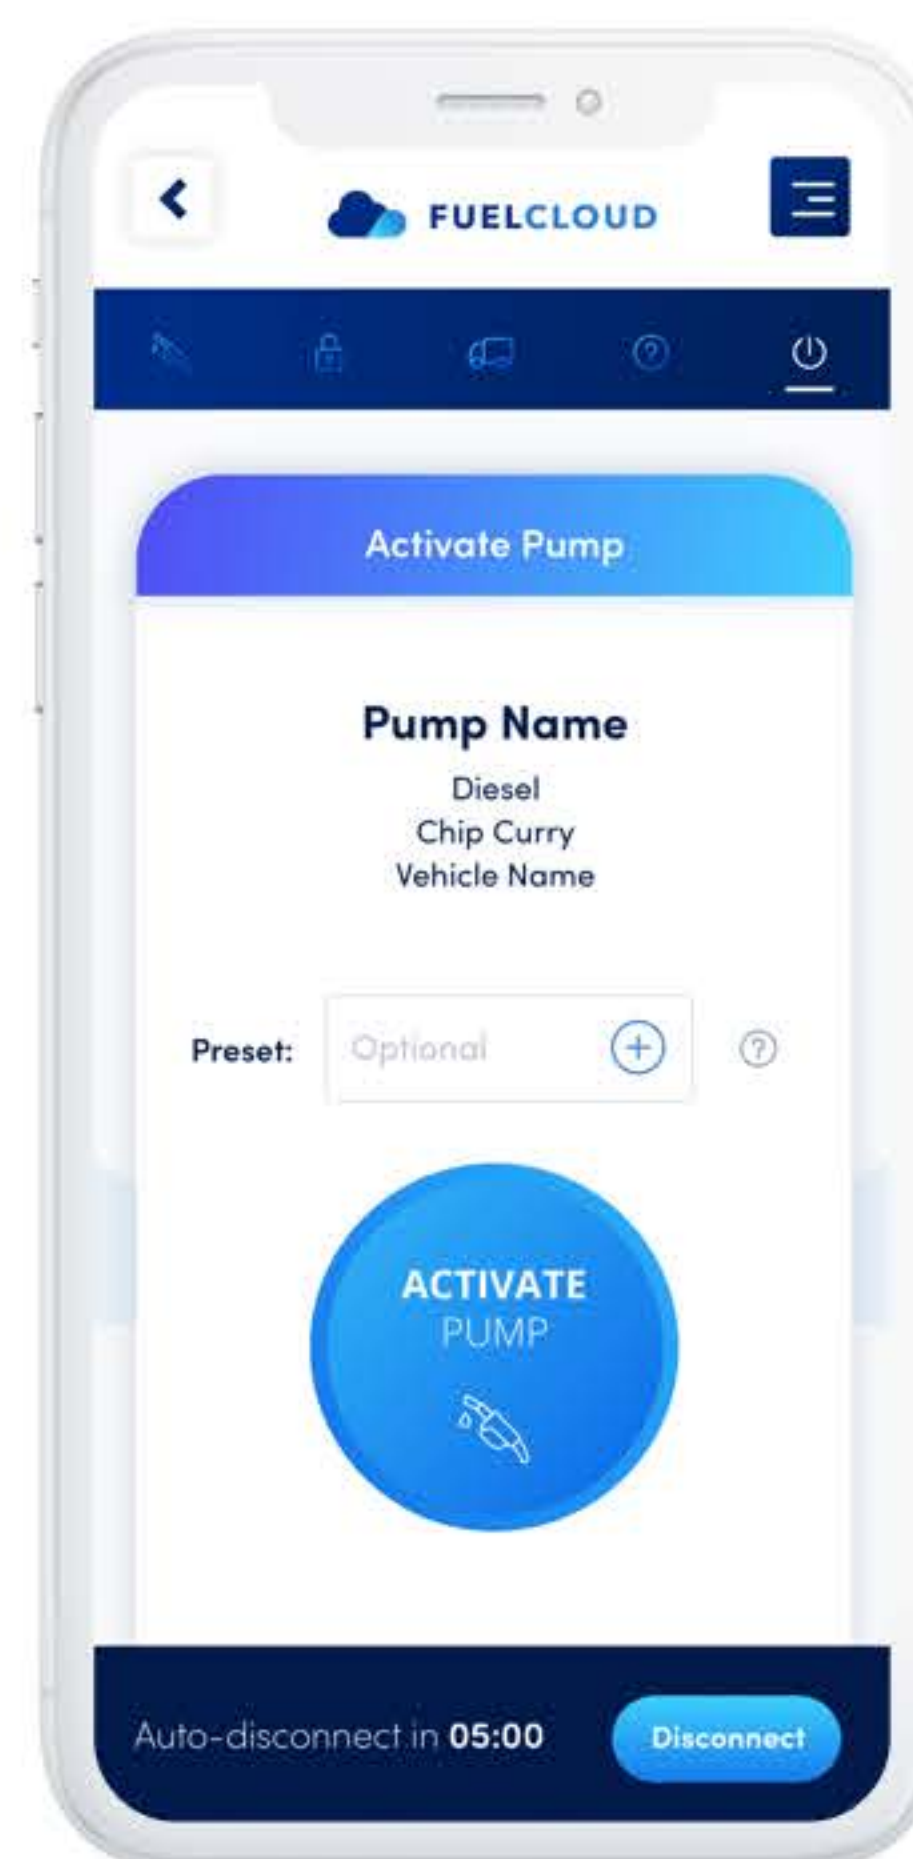

Step 8:

Select the vehicle you will be filling.

Step 9:

Fill out the relevant questions and submit.

*This step is skipped if your admin has not added questions.*

Step 10:

Verify that the information listed on-screen is correct, and tap the 'Activate Pump' button to turn the pump on and begin fueling.

Step 11:

You're fueling! Tap 'Disconnect' then "Yes" at anytime to stop, or when you are finished fueling.

Congrats!

You have just completed your first FuelCloud transaction!

Tap "Disconnect" to return to the pump list.
